

# SOUTH DAKOTA 2011 COUNTY LEVEL CASH RENTS

September 09, 2011

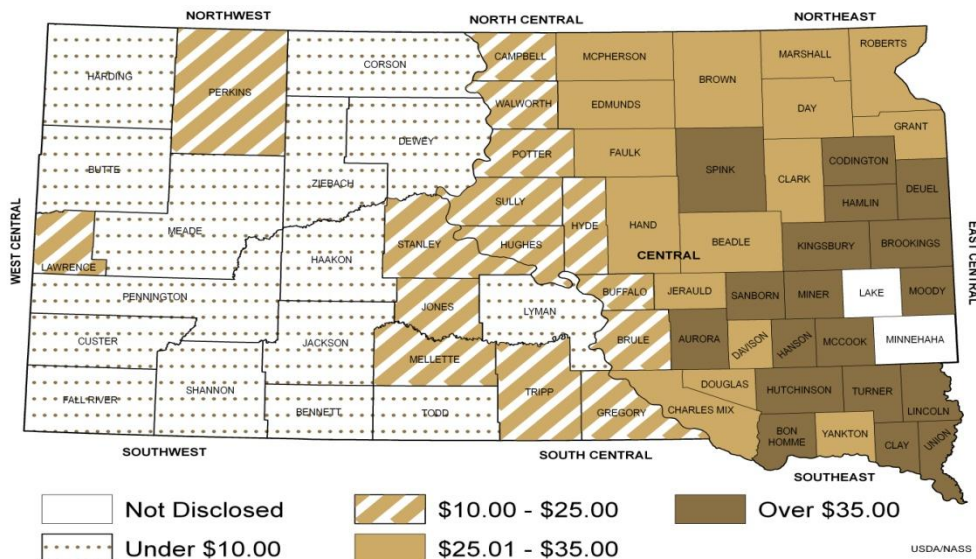

The values in this report are county level estimates of average cash rents paid. These estimates were derived from weighted averages, based on rented acres and cash rents paid by a sample of farmers and ranchers. The values reported are for the 2011 calendar year. Data was collected from March 2011 through June 2011.

Counties with no rental rate published failed to meet statistical standards required for publication. In most cases, not enough reports were received for publication, or too few acres of that type of land (non-irrigated cropland, irrigated cropland or pastureland) were rented for cash in that county.
