

Marks Remarks by Mark Rowen Lincoln County Educator 5-15-08

It has finally happened. The Lincoln County Extension office has moved to its new location in the basement of the new Lincoln County Courthouse addition. Along with the new location comes a new address as well. The Extension office new address is 104 North Main, Canton, SD 57013.

I do not know how long the Extension office was located in that corner building. The new surroundings are very accommodating so please come in and visit. We are located in the basement near the northeast corner.

Schools are out and summer is upon us. A number of educational activities are scheduled for the upcoming months.

One program is called Money Adventures. It an interactive day camp for youth ages 10-12 on financial skill development scheduled for June 12, from 9am to 3 pm. The location of the camp is Tea City Hall. The cost is \$10 which will include materials and lunch. Contact the Moody County Extension office at 997-2469.
