**Market Swine Self-Identification**

**Step 1** (April, 2017 up to June 1, 2017)
Exhibitors interested in showing a market hog at the 2017 South Dakota State Fair within the 4-H Division must have their market hog identified with a 4-H Green Tag and DNA Sample for eligibility. Contact the County 4-H Office to request a 4-H Green Tag and DNA Sample Envelope to identify the market hog.

**Step 2** (April, 2017 up to June 1, 2017)
Upon receipt of State Fair materials, potential exhibitors have one week to complete the “Market Swine Ownership Verification Affidavit Form”, located on www.igrow.org, and return the form and DNA Sample Envelope to the exhibitor’s County 4-H Office. Market Hogs must be identified in the exhibitor’s name or in immediate family member names. If a market hog is identified in the immediate family name only one form and DNA envelope for that animal needs to be submitted, however, all siblings’ names MUST appear on the form and DNA envelope. There is no limit to the number of market hogs which may be identified by an exhibitor; however, exhibitors are limited to entering and bringing no more than 2 market hogs per division to the Fair. Divisions include: Purebred Market Barrow, Purebred Market Gilt, Commercial Market Barrow, & Commercial Market Gilt.

All unused or ruined DNA Sample Envelopes and 4-H Green Tags must be returned to the County 4-H Office at the time of submitting the “Market Swine Ownership Verification Affidavit Form”. If any 4-H Green tag is unaccounted for at the time of submission, all animals identified by the exhibitor will be ineligible to compete at State Fair.

**Documentation of ownership and samples submitted after the one week deadline will be ineligible to be accepted by the County 4-H Office. NO Ownership Verification Affidavits or DNA samples will be accepted after June 1st.**

The 4-H Green Tag is to be placed in the ear of the hog being identified and a DNA hair sample collected; see instruction sheet located on www.igrow.org. Proper payment to the County 4-H Office for DNA Sample Envelopes is due at the time of submitting the samples. The cost for each animal to be State Fair identified is $6.

**Step 3** (July, 2017 up to August 1, 2017)
Do not forget to enter for the Fair! Green Tagging and submitting DNA samples is NOT an entry in the Fair.
